Edmond, Oklahoma

♦ GPA: 3.5

EMPLOYMENT HISTORY

UNDERGRADUATE RESEARCH ASSISTANT

Aug 2026 – Present

University of Central Oklahoma

Edmond

♦ Conducting research in Artificial Intelligence and Machine Learning. Investigating how reliably Large Language Models answer programming questions and identifying the types of programming questions that are more likely to produce incorrect, partially correct, or hallucinated responses.

IT STUDENT TECH

Feb 2026 – Present

University of Central Oklahoma

Edmond

♦ Resolved technical issues for professors during live classes to minimize instructional downtime and restore service quickly.

♦ Shadowed information security supervisors to observe cybersecurity operations and workflows

GAS STATION ATTENDANT

Feb 2024 – Present

Costco

Oklahoma City

♦ Ensure the safe, efficient, and member-focused operation of the fuel station. With UST Type C Certification, recognizing and responding to potential issues with underground storage tanks, ensuring environmental compliance and operational safety is top priority. Managed fuel inventory, logged and updated delivery records using computerized systems, and kept up with competitive pricing.

STOCKER

May 2022 – Feb 2024

Walmart

Oklahoma City

♦ Organized stock inventory efficiently, ensuring timely restocking and enhancing product availability for customers and unloaded trucks.

SKILLS AND PROJECTS

PROJECTS

♦ Social Media Sentiment Analysis — Summer Research Project

Python, Pandas, Scikit-learn, Matplotlib, Seaborn, NLP

♦ A personal portfolio website built using React and TypeScript to showcase my projects and skills. Also used C++ to create a particle effect background compiled with Emscripten to WebAssembly.

♦ Developed a Unity car driving game with a custom camera follow system and player controls using C#.

LANGUAGES

Python, C++, Java, SQL, C#, TypeScript, JavaScript, R

TOOLS & TECHNOLOGIES

Windows, AS400, Microsoft Office, Git, GitHub, Vite, React, Node.js, Arduino, RStudio, npm, MySQL
